Dear Doctor Diamant Golub:

On behalf of the Committee on International Programs and Development and the ADA Division of Global Affairs, it gives me great pleasure to present to you the enclosed Certificate for International Volunteer Service.

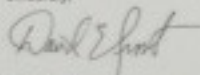

Your contributions as a volunteer exemplify a selfless and giving nature that is needed in the world now more than ever. The benefits of your service will not be limited to the individuals directly enriched by the generous beneficence of your time, talents, and expertise, but also to those who are impacted indirectly by your compassion.

It is a worthy deed to relieve the pain and suffering of people in disadvantaged countries. By sharing your knowledge with aspiring professionals you ensure that your efforts will outlast your stay. Your ambassadorship fosters good will and friendship among nations and elevates the profession of dentistry. But above all, by improving access to oral health care you validate the quintessential human right therein, therefore manifesting positive change through your actions and taking an incredible step toward a more just world.

Please accept our ardent gratitude for your service. We hope that the rewards of your experience were commensurate with the valuable gift you provided to the community you served. We wish you heartfelt congratulations on your successful efforts and best wishes in your future humanitarian endeavors.
